LESTARILINK

ABOUT US

LestariLink Sdn Bhd is a dynamic and fast-growing company specializing in telecommunications infrastructure, electrical systems, and construction services. Headquartered in Malaysia, our company is built on a foundation of technical excellence, reliable service delivery, and a strong commitment to client satisfaction.

We offer end-to-end solutions in the areas of:

- Fiber Optic and Telecommunication works (wired & wireless)
- Data and network infrastructure
- Telecom service provisioning
- Electrical fittings and power systems
- Utility locating and Underground civil works
- Specialized construction installations such as elevators, lighting conductors, pole and manhole

LESTARILINK

ABOUT US

Our expertise extends to both new installations and ongoing maintenance, making LestariLink a one-stop solution for clients across various industries from developers and construction firms to tech companies and government-linked agencies.

What sets us apart is our ability to integrate modern telecommunication systems with traditional infrastructure works, ensuring that our clients are future-ready, connected, and compliant with industry standards. We are fully equipped to handle complex projects involving:

- Fiber optics and telecom cabling
- Pole and Manhole installations
- Power plant construction
- Water main and line construction
- Network equipment maintenance (routers, modems, bridges)
- Post-construction building cleaning and installations

With a team of dedicated professionals and a growing portfolio of successful projects, **LestariLink Sdn Bhd** is committed to becoming a trusted name in the telecommunications, electrical, and infrastructure sectors.

WELCOME MESSAGE

Welcome to LestariLink Sdn Bhd, where innovation meets infrastructure. We are a Malaysian-based company dedicated to providing reliable, efficient, and future-ready solutions in telecommunications, electrical installation, and construction services.

With a strong commitment to safety, sustainability, and service excellence, LestariLink is proud to support the nation's development through smart connectivity and engineering expertise. Our team brings together experience, technology, and professionalism to deliver end-to-end solutions for both public and private sector clients.

OUR **VISION & MISSION**

VISION

To be a leading and trusted provider of integrated telecommunications, electrical, and construction services in Malaysia and beyond empowering connectivity, enabling infrastructure, and enhancing lives.

MISSION

- To deliver high-quality, innovative, and cost-effective solutions in telecommunication and construction.
- To ensure customer satisfaction through professional service, technical expertise, and timely execution.
- To adopt sustainable practices and promote energy-efficient technologies across all operations.
- To build long-term partnerships based on integrity, performance, and trust.
